PORTABLE FOAMER

Portable Former and Sprayer

Knight Portable Foamer is a self-contained foam cleaning dispenser that delivers a rich foam with a long throw distance to clean those hard to reach places. To operate, just fill the 50 oz. (1.5L) container with concentrate and connect the dispenser to a water source with a standard garden hose connection. Knight Portable Foamer can quickly change from a foaming unit to a spraying unit for rinsing by simply using the quick connect fitting to attach or disconnect the foaming attachment.
